Policy for Establishing an Organizational Scholarship Fund

1. The Executive Director meets with the prospective organization to determine philanthropic intent for the scholarship.
2. The criteria for the scholarship is discussed with the organization, as well as the required involvement of the Community Foundation as follows:
 - 1) The Community Foundation must approve all members of the advisory committee.
 - 2) Donors and related parties may not control the committee directly or indirectly.
 - 3) The criteria are determined at the time the fund is established.
 - 4) All scholarships are awarded on objective and nondiscriminatory bases.
 - 5) The Community Foundation must approve all scholarships and checks are only made payable to institutions.
 - 6) The Community Foundation follows-up on scholarships and receives documentation of actual school attendance.
3. All fund agreements give the Foundation the “sole discretion..... to invest and and reinvest the Fund in a prudent manner and the power to commingle assets of the Fund with those of other funds for investment purposes.” (paragraph 4)
4. Scholarship funds are meant to be perpetual unless otherwise noted in the fund agreement.
5. The selection of the investment pool is determined by the Executive Director, in discussion with the organization, at the time a fund is established. Generally, funds are only invested in the Endowment Pool when they reach \$10,000 or when the donor requests their funds be put in the endowment pool with the intention to build an endowment over time. At this time, funds are only in one investment pool.
6. At the time a fund is established, the organization may recommend individuals to the advisory committee. All advisors must be approved by the Community Foundation. Conflict of interest disclosures will be required of advisors. In the absence of named advisors, the Community Foundation will continue the scholarship process, preserving the criteria of the fund.
7. After a fund is established, the organization may recommend changing the name of the fund. The organization may also expand the scholarship criteria but may not further restrict the scholarship criteria. The organization may not change the original fund agreement or impose any material restrictions on the use of the fund.

Investment Addendum Advised Fund Agreement

Fund Name:

The Yampa Valley Community Foundation now has two investment options for donors to choose between when a fund is established. Investment allocations and options are governed by the Investment Policy and are monitored by the Investment Committee. The Yampa Valley Community Foundation has the power to sell, retain, invest and reinvest funds in accordance with paragraph 4 of the Fund Agreement and its Investment Policy. The Yampa Valley Community Foundation makes no guarantees as to the rate of return of either pool.

Donors have the option of selecting **one pool per fund**. Please select one of the investment options below.

_____ **Pool 1 – The Endowment Pool:** This pool is currently invested in 2% cash, 68% equities and 30% fixed income securities. Changes in investment allocation are at the sole discretion of the Yampa Valley Community Foundation Board of Directors. Endowments are normally established to increase the value of funds over time and grant only a small percentage of the balance each year depending on earnings and desire of the fund advisor(s). It is understood that the balances of the endowment funds fluctuate with financial markets and this option likely entails more risk to principal.

_____ **Pool 2 – The Fixed Income Pool:** This pool is currently invested in a brokerage money market account. Changes in investment vehicles are at the sole discretion of the Yampa Valley Community Foundation Board of Directors. Generally, this pool is for temporary (non-endowed) funds or where fund advisors seek to have less risk of the fund principal.
